4-H enables youth to have fun while learning. The 4-H program provides hands-on opportunities to learn life skills such as setting goals, building self-confidence, learning responsibility and making decisions.

4-H members learn through many fun hands-on projects. Examples include: Aerospace, Animal Sciences, Food & Nutrition, Leadership, Leathercraft, Photography, Robotics, Sewing, Shooting Sports, Woodworking and much more! If you have an interest, we have a hands-on project for you!
